## October 16 Meeting

(at the Learning Gate Community School)

### Come Into My Parlor – and Learn about Spiders by Francia Smith

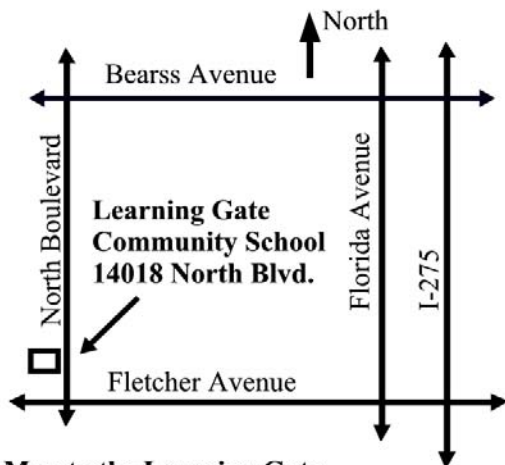

Don't like spiders?...keep an open mind until you hear Francia Smith's presentation at our October meeting. Francia (pronounced Francha), aka The Spider Lady, will tell us about the characteristics, history, uniqueness, adaptability, and importance of spiders, and debunk some spider myths. She plans to bring live specimens of some of the spiders that live in our area. Because we strongly suspect USF of spider-phobia, we'll be meeting at the Learning Gate School.

Francia has been an Environmental Resource Teacher for the Pinellas County School District since 1988. She began her career in Environmental Education in Hillsborough

County, where she taught at Nature's Classroom from 1973 to 1988. The area abounded in wildlife, and students were able to observe many animals: deer, wild turkey, wild pigs. But then she moved to Pinellas County, and started work at Boyd Hill Nature Park.

This is a city park, surrounded by the most densely populated county in Florida, and deer and wild turkey are few and far between.

- USF Botanical Gardens Fall Plant Festival.....4

## Message from the Chair

The USF Botanical Garden Plant Festival will be held this weekend, October 12 and 13. Sally Sun will once again put together a great sale for our chapter. Please stop by to stock up on native plants for your landscape. This sale is our major fund raising event and your support is important to our chapter.

Suncoast chapter elections are just around the corner and the next two meetings will decide the leadership of our chapter for 2003. According to the Suncoast chapter By-laws, the membership decides on the number of Board members for 2003 at the October meeting. The current number of Board members is seven.

The November meeting is the election meeting where the membership votes for a slate of candidates for the 2003 Board of Directors. Please join us at both meetings to ensure that your voice is heard.

*George Kish*

## **Come Into My Parlor (continued from page 1)**

Casting about for some sort of wildlife to engage the interest of her students, Francia noticed that Boyd Hill had lots of spiders. The more she learned about spiders the more fascinated she became, and soon her students had begun to call her "the spider lady." She is currently based at Sawgrass Lake Park, teaching about the environment to all fourth grade classes in Pinellas County.

Pinellas County's gain was our loss at SNPS: Francia was a charter member of our chapter and served on the board in the early years.

## **USF Botanical Gardens Fall Plant Festival**

By Sally Sun

The USF Botanical Gardens Fall Plant Sale takes place October 12 and 13. We still have need for a few additional volunteers for set-up Friday morning, October 11; and to work the sale Saturday, October 12, from 8 a.m. to 4 p.m.; and Sunday, October 13, from 9 a.m. to 3 p.m. If you wish to help, please call Sally Sun at 935-1312. We appreciate your participation!

## **The Plant Raffle Is Back!**

With the change in meeting location, we are bringing back the plant raffle. Please bring your extra plants (natives only) to donate at the next meeting. For each plant you donate, please attach a small tag with the scientific name, common name, and the growing conditions. Please join us at the October meeting for the return of the plant raffle!

## **FNPS Eco-Action Alert**

If you would like to be informed of calls for action on a wide variety of Florida and national environmentally sensitive subjects, consider subscribing to the Eco-Action Alert List. Individuals act on their own, NOT in the name of FNPS. If you would like to subscribe to the Eco-Action Alert, please send an email to [info@fnps.org](mailto:info@fnps.org).

The Florida Native Plant Society was organized in 1980 to promote the preservation, conservation, and restoration of the native plants and native plant communities of Florida.

## **Public Land Acquisition and Management Conference**

The 13th annual Public Land Acquisition and Management Partnership Conference, hosted by the Southwest Florida Water Management District, will be held November 20 - 22, 2002 at the Mission Inn Resort at scenic Howey-in-the-Hills. The conference will begin Wednesday afternoon, November 20, with field trips and a workshop and end with a casual dinner. Thursday, November 21, will include a full day of plenary and breakout sessions, followed by a buffet/reception. Friday, November 22, will also include plenary breakout sessions, and will wrap up by noon.

The Public Land Acquisition and Management Partnership Conference is an annual event attended by more than 300 public land conservation professionals. Attendees include land acquisition and management professionals from:

- water management districts
- state agencies
- local governments
- private non-profit organizations
- the private sector

In addition to informative sessions and field trips, the conference provides opportunities for professionals involved in conservation land acquisition and management to informally meet to discuss and exchange ideas and information.

Registration is \$100 by October 29 or \$125 after October 29. The registration fee includes all planned meal functions, refreshments, and a field trip or a workshop. Choice of field trips are Florida National Scenic Trail (Green Swamp West), Green Swamp West Sandhill Restoration, or the Seminole State Forest Scrub Restoration and Scrub Jay Monitoring. Workshops include the Florida Natural Areas Inventory and the Marjorie Harris Carr Cross Florida Greenway Partnership kickoff meeting. Contact Doreen DiCarlo at 561-691-8553 for information or visit the SWFWMD website at: [www.swfwmd.state.fl.us/misc/conf%20website/](http://www.swfwmd.state.fl.us/misc/conf%20website/)

## PLANT PROFILE

**Common name:** Florida paintbrush  
**Botanical name:** *Carphephorus corymbosus* (Nuttall) Torrey & A. Gray  
**Family:** Asteraceae or Compositae (Aster)  
**Type of plant:** Upright herbaceous perennial  
**Size:** 3 feet (h)

**Leaves:** Stem leaves are alternate and sessile; basal leaves form a single or double rosette.  
**Flower:** Terminal cluster of bright pink tubular florets on a single stem.

**Flowering time:** September to December.

**Fruit:** Achene.

**Stem:** Single hairy stem.

**Habitat/distribution:** Pine flatwoods, sandhills, upland mixed forests; zones 8 - 10A.

**Landscape use:** Accent plant in wildflower garden.

### **Cultivation:**

**Soil:** Well drained.

**Light:** Full sun.

**Water:** Drought tolerant.

**Propagation:** By seed or division.

**Availability:** Most native plant nurseries.

## Newsletter Submissions

Deadline for the next issue:

**October 25**

Please send articles and original artwork for The Suncoast Grapevine to the editor, George Kish, by the **deadline** of each month (earlier, please, if not typed). Text should be in MS Word; graphics should be in a standard graphic format. Previously published artwork should be accompanied by a letter of permission from the original publisher.

Mail:..... SNPS, Inc.  
P.O. Box 82893  
Tampa, FL 33682-2893

Email:...gkish@tampabay.rr.com

## Meeting Location

Suncoast Native Plant Society, Inc. meets the third Wednesday of the month at 7:00 p.m. at the Learning Gate Community School at 14018 North Boulevard (between Fletcher and Bearss).

## SNPS Address

The main address for communication is:

**Suncoast Native Plant Society, Inc.**  
**P.O. Box 82893**  
**Tampa, FL 33682-2893**

Any correspondence sent to this address will be forwarded to the appropriate officer or committee member.

The SNPS web address is:

**[www.fnps.org/chapters/suncoast](http://www.fnps.org/chapters/suncoast)**

## Grapevine Subscription

You may subscribe to the Suncoast Grapevine (not including membership in the SNPS or the FNPS) for \$10 per year. Contact George Kish at 920-0853.
